

DELIGHTFUL PANACEA

As Portrayed by Our Special Correspondent.

Panacea, Fla., August 27.—It is early bed-time as I commence to write, and those who think Panacea dull would be greatly surprised were they here tonight. Playing, dancing and singing are the main features, but the program has just been interrupted for a few minutes to allow Moses Turner—the Ethiopian wood-chopper—to demonstrate his powers as a ventriloquist. He is about as good as the best, and when accused of having a confederate in the dark outside, he changed the location of his imaginary talker so fast that all sceptics quickly acknowledged defeat. Moses was then happy and promised us another performance tomorrow night.

Mrs. F. T. Myers, of Tallahassee; Miss Trammell, of Chattahoochee; Miss Taylor, of Lloyds, and Mrs. Aaron Levy and Miss Marie Marcus, of Tallahassee, are the "life of the place." They have able lieutenants in Messrs. Cory and Macfarlane, of Quincy, General Scarlett, W. N. Sheats, Jr., and B. Barcum Garner, of Tallahassee.

Speaking of General Scarlett and Will Sheats, reminds me that they are also the most unfortunate of all

FREE BLOOD CURE

An offer proving faith to sufferers. Is your blood pure? Are you sure of it? Do cuts or scratches heal slowly? Does your skin itch or burn? Have you pimples? Eruptions? Aching bones or back? Eczema? Old Sores? Boils? Scrofula? Rheumatism? Foul breath? Catarrh? Are you pale? If so, purify your blood at once with B. B. B. (Botanic Blood Balm). It makes the Blood Pure and Rich, heals every sore and gives a clear, smooth, healthy skin. Deep-seated cases like ulcers, cancer, eating sores, Painful Swellings, Blood Poison, are quickly cured by B. B. B., made especially for all obstinate Blood and Skin Troubles. B. B. B. is different from other remedies because B. B. B. drains the Poisons and Humors out of the Blood and entire system so the impurities cannot return. Give it a trial. It cures when all else fails. Thoroughly tested for 30 years. Sold at drug stores at \$1 per large bottle, 6 large bottles (full treatment), \$5. So sufferers may test it, a trial bottle given away absolutely free. Write for it. Address BLOOD BALM CO., 524 Mitchell St., Atlanta, Ga. Write today. Describe trouble and free medical advice given.

the guests. Or, perhaps it is because they are the most venturesome that they appear so. At any rate, they seem to have the most trouble. First of all they went to Rock Landing in a row boat. In shoving it into the water to return the General came near falling overboard. The result was serious. Next they went out to row on the bay. A spirit of adventure stole upon them and lured them to the Gulf, for "a pure whiff of air." Returning they lost their way, got on a mud flat, had to wait for the tide, and did not get back until near 11 o'clock p. m., and then with blistered hands, and hungry as wolves, to find no supper.

Next they started for St. Teresa, having engaged an old Spanish Captain to take them over. The treacherous wind died away just as they started, compelling them to wallow around in sight of the hotel until night, then a squall came up from the outside compelling them to seek shelter in Ocklockonee bay. Next morning they attempted to walk from "Cow Landing," but lost their way again, and late in the day returned to the road and to the hotel, after having been out near thirty hours with scant water supply and only one lunch for two, supplemented by a small piece of bread made by Sheats and fat bacon procured of a resident at "The Old Field." They were to have gone to Spring Creek today fishing, but did not get off. It is perhaps well, as we have no undertaking establishment, neither are we prepared to drag for drowned people.

To those who have been coming to Panacea for several years, the repairs recently made are most striking and gratifying according to their appreciation of the waters, belief in their value to suffering humanity and interest in the comfort of patients who come. All these have already been recounted in the TALLAHASSEEAN by other writers, except Mr. Hall's new residence. It is at Rock Landing, nearly a mile south of the hotel; is large, roomy and airy throughout. Near it, within a stone's throw north, is a neat little cottage being erected by Dr. Gwynn, of Tallahassee, and two more are to be erected soon by New York parties.

The longest list of arrivals in any one day since I have been here was registered last Sunday. There were twenty-three altogether, and they all remained several days.

Mr. T. B. Byrd, the Tallahassee confectioner, carried off the fishing honors for the week. He and Mr. J. Emmett McGriff, also of Tallahassee, went to Otter Lake, where the former used a spinner very successfully. Both these gentlemen and the latter's wife returned home, Mr. Byrd Friday and Mr. and Mrs. McGriff Saturday, to the regret of all.

Another much regretted departure was that of Mr. Frank Marks, of Apalachicola, Sunday morning.

Hon. Fred. T. Myers came down Friday and remained until Monday morning with Mrs. Myers and Master Blount, who are spending the summer here.

Crabbing parties are quite popular here. About 9 a. m. the ladies and gentlemen get a lot of strings and several small pieces of beef, proceed

to the wharf, catch anywhere from forty to fifty fine fellows, return to the hotel and cook and eat them before dinner. It is fine sport and a valuable time killer as well. Miss Julia Nims, I believe, carries the banner for the largest catch. She landed twenty-two today with one line.

The arrivals last Wednesday have been: Walter Whittle, Miss Addie Whittle, Chattahoochee; Miss Lina Johnson, River Junction; T. B. Byrd, J. C. Trice, B. A. Paret, Tallahassee; H. L. Landers, Sopchoppy; F. T. Myers, Tallahassee; Mrs. F. B. Taylor, Miss Taylor, Lloyds; Mrs. J. F. Spear, Miss Sarah Spear, Tallahassee; J. Hugh White, Atlanta; Jno. A. Cobb, Jr., Mrs. Jno. A. Cobb, Jr., Michie Marcus, I. L. Soutair, Tallahassee; Mrs. H. O'Neal, Woodville; R. L. Scarlett, W. N. Sheats, Jr., Tallahassee; Mrs. J. L. McFarlin, J. L. McFarlin, Leila McFarlin, John McFarlin, Jr., Elsie McFarlin, Miss Maggie Woodberry, Mrs. L. I. Haynes, Miss Ethel Haynes, Meade A. Love, Mrs. Meade A. Love, James Jay Love, Henry Storm, Wm. M. Cory, Min. M. Cory, Jr., Arthur Cory, E. L. Hines, Quincy.

Paderewski the Deceiver.

This is how a Kansas newspaper man criticised Paderewski:

"We heard the Poland Paderewski play the piano in Convention hall. Kansas City. The fellow is deceitful. He makes you think all the time he is going to play a tune, but he never does. He flirts all around a tune, but never touches it. His hair looks like a wig, but it isn't. He deceives you in a hundred ways. He makes the sweetest sounds you ever heard that were not a tune. He has his piano so trained that the doggone thing will keep right on playing when he is not touching it. He reaches out slowly and strokes it, drawing back his elbows like a man brushing a girl's hair. You see the moonlight, and you're there with your girl, but somehow she doesn't love you. You know the sorrow of that, and that's why we don't like Paderewski. We wouldn't go to hear him again, but we wouldn't take \$100 for what we heard at Convention hall."

The Tower of Famine.

The Torre della Fame, or Tower of Famine, was noted for its greswome history. It once stood in Pisa, Italy, but there are now no traces of it. Count Ugolino della Gherardesca, whom Dante immortalized, was the head of the Guelphs, and because of his tyranny and accredited attempts to place his country in bondage he was antagonized and finally conquered by the chief of the Ghibellines, who imprisoned him, with his two sons and two grandsons, in this tower, the slow method of starvation being employed as the manner of their death. The door of the tower was locked and the keys thrown into the Arno.

Musical Fish.

Many fish can produce musical sounds. The trigla can produce long drawn notes ranging over nearly an octave. Others, notably two species of opibulum, have sound producing apparatus, consisting of small movable bones, which can be made to produce a sharp rattle. The curious "drumming" made by the species called umbrivas can be heard from a depth of

Pitt's Carminative is pleasant to the taste, acts promptly, and never fails to give satisfaction. It carries children over the critical time of teething, and is the friend of anxious mothers and puny children. A few doses will demonstrate its value. E. H. Dorsey, Athens, Ga., writes:

"I consider it the best medicine I have ever used in my family. It does all you claim for it, and even more."

Not a Question of Ownership.
President Eliot of Harvard told this story at a dinner:

"A friend of mine, a college professor, went into a crowded restaurant in New York city for luncheon one hot day last summer. The negro in charge of the big corridor where the hat shelves stood, was an intelligent looking fellow, and his bow and smile were not of the obsequious, stupid kind so often affected by colored waiters and doormen in hotels. He took my friend's hat and gave no check for it in return. An hour later, when the professor came out of the dining room, the negro glanced at him in a comprehensive way, turned to the shelves and handed him his hat.

"My friend is a man who prides himself on his powers of observation, and the negro's ability to remember to whom each article of clothing belonged struck him as being something very wonderful.

"How did you know this was my hat?" he asked.

"I didn't know it, sah," was the reply.

"Then why did you give it to me?" the professor persisted.

"Because you gave it to me, sah,"—Boston Journal.

THE FIRST BABY.

Its Coming is Looked Forward to With Both Joy and Fear and its Safe Arrival is Hailed With Pride and Delight by All.

The arrival of the first baby in the household is the happiest and most important event of married life. The young wife who is to become a mother delights to think of the happiness in store for her when the little one shall nestle upon her breast and laterly she shall hear it lisping the sweet and holy name, "mother." But her happy anticipation quickly vanishes when she realizes the terrible pain and suffering through which she must pass while bringing the little one into the world. An indescribable fear of the danger attendant upon the ordeal soon dissipates her joyfulness.

Thousands of women have learned by experience that there is absolutely no necessity for the sufferings which attend child-birth; they know that by the use of "Mother's Friend"—a scientific liniment—for a few weeks before the trying hour, expectant mothers can so prepare themselves for the final hour that the pain and suffering of the dreaded event are entirely obviated and it is safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the first time have to undergo this trial, in such a remedy; for they know the pain and suffering, to say nothing of the danger, which is in store for them. "Mother's Friend" is woman's greatest blessing, for it takes her safely through the severest ordeal of her life. Every woman should be glad to read the little book "Before Baby is Born," which contains information of great value to all. It will be sent free to any one who sends their address to The Bradfield & Lator Co., Atlanta, Ga.
